The Stopt Diapason, a journal devoted to the history of the organ in Chicago and the Midwest, is published quarterly by the Chicago-Midwest Chapter of the Organ Historical Society, Inc. The Chicago-Midwest Chapter is a not-for-profit corporation incorporated in the State of Illinois.

From the President:

Dear Chicago-Midwest OHS Members:

Our 2021-2022 program year will start on Sunday, September 26th at 4:00 p.m. with an Annual Meeting via Zoom. Details will be forthcoming.

I want to thank the Nominating Committee who has worked tirelessly to present a new slate of nominees for the 2021-2023 board. Biographical information about the nominees can be found on pg. 6 of this issue of the *Stopt Diapason*. We are finalizing details for the 2021-2022 year that will include a visit to Epworth United Methodist Church, Chicago before the church is possibly demolished. An organ crawl that will include previously unknown instruments in Lake County, Illinois that will conclude with a light dinner at the Nickels-Poland residence is being planned for April/May 2022. More information about these events and others will be forthcoming in future editions of the *Stopt Diapason*.

Have a wonderful and safe rest of your Summer!

Gratefully yours,
Derek E. Nickels, President

CHICAGO-MIDWEST CHAPTER WEBSITE

A huge kudos and thank you to Chapter Board member Bruce Carlson for his tireless help and experience reconstructing our new website at www.cmwohs.org. As some might know, our original and copyrighted website was located at the original domain name of ohschicago with the TLD of .org. That website was conceived in 2004 and was maintained by a volunteer chapter member until his death in 2020. Unfortunately, we lost control of our ohschicago domain name in the last quarter of 2020. This former domain name is now owned by an unknown third party who has displayed copies of our former copyrighted web pages and content without our permission. Since we cannot control what is displayed at our former domain name, we advise against visiting anything using our former domain name due to possible cyber security issues. It can be confusing in a search for our chapter website using Google or other search engines since both our new URL <https://www.cmwohs.org> and our former URL will appear in a search.

Please be careful to select only <https://www.cmwohs.org> from any search results.

ORGAN NEWS

Ashburn Lutheran Church, 3345 W. 83rd Street, Chicago, IL held its last liturgy in their sanctuary on Sunday, August 1, 2021. At the time of this publication, the church building has been sold to nearby Missionary Baptist Church, but the fate of the 2-manual 1980 Berghaus organ is unknown. More information will be forthcoming.

Berghaus Pipe Organ Builders was honored to complete a new organ for Church of the Blessed Sacrament in Wichita, Kansas in the Fall of 2020 despite the continuing Covid-19 pandemic. The 3-manual instrument of 31 ranks utilizes some resources of the existing Kilgen organ and was commissioned as part of a large sanctuary renovation. Other projects by the firm include:

Ascension Lutheran Church, Waukesha, WI: cleaning, restorative repairs, and regulation of the firm's Opus 76 built in 1988.

Christ the King Catholic Church, South Bend, IN: shortly after the firm's recent completion of a cleaning and restoration after a fire, the church was sadly vandalized and the organ is again being cleaned.

Holy Cross Lutheran Church, Fort Wayne, IN: restoration of the pedalboard of the 1968 Casavant Opus 2962.

St. John's, Bloomington, IL: refurbishing and relocating the firm's 2005 III/46 for their new sanctuary. Reinstallation will begin in 2022.

St. Mary's Catholic Church, Rock Island, IL: cleaning, solid-state conversion, and restorative voicing of an electrified J. G. Pfeffer organ.

St. Peter's Lutheran, Arlington Heights, IL: cleaning, re-leathering, solid-state conversion with a new console, re-voicing, and replacing two ranks of pipes of the church's 1964 Schlicker organ.

Trinity Episcopal Church, Bay City, MI: console updates, re-leathering of all reservoirs, and replacing a mixture on the 1963 M. P. Möller Opus 9764.

Buzard Pipe Organ Builders has built a new console and rebuilt the 1912 tubular pneumatic Wicks organ of 2-manuals and 17 ranks at St. Rose of Lima Church in Quincy, IL. The instrument was rededicated on Friday, August 27 by Kipp Cortez. Other projects by Buzard include:

Grace United Methodist Church, Rockford, IL: renovation of the 1916 Pilchers Sons Opus 924 organ that includes construction and installation of new slider windchests for the Great and Swell divisions and a new 8' Trumpet.

Holy Family Parish, Lincoln, NE: restoration of the Hinners mechanical action organ.

Our Savior's Lutheran Church, Whitefish Bay, WI: console repairs on the 1948 Aeolian-Skinner Opus 1169.

St. Dominic's Catholic Church, Wyoming, IL: complete restoration without alterations of the 1929 Hinners Opus 2924. A celebratory concert featuring Katelyn Emerson will take place on Sunday, October 3 at 4:00 p.m. See *calendar of events* above.

St. James Methodist Church, Danville, IL: console and control system upgrades to the 1985 Buzard Opus 5 of 4-manuals and 69 stops.

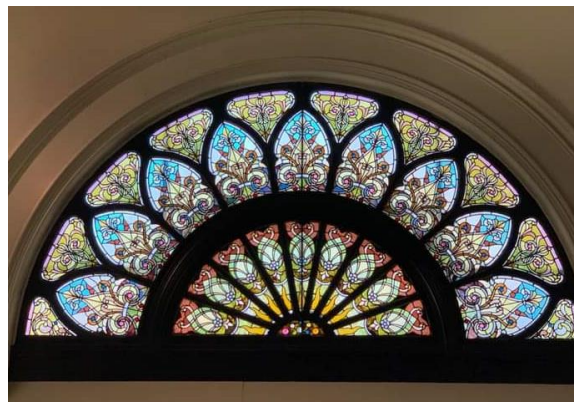

St. Lawrence Catholic Campus Center, Lawrence, KS: remedial tonal work on the 1986 Andover Opus 96.

Trinity Lutheran Church, Valparaiso, IN: restoration of the 1980 Hendrickson mechanical action organ.

Dobson Pipe Organ Builders, Ltd. of Lake City, IA suffered catastrophic fire on June 15, 2021. The fire destroyed their shop and all of its contents, but thankfully no fatalities. Fire officials say the fire was caused by a malfunctioning dust collection system that had ignited sawdust. One of the organs that was destroyed was a new organ for St. James' Church in Sydney, Australia. Nearly all of the firm's archival documents were lost in the fire.

Epworth United Methodist Church, the historic stone-clad church located at 5253 N. Kenmore Avenue in Chicago's Edgewater neighborhood is for sale according to the Chicago Sun-Times as of August 20, 2021. The formerly thriving

congregation that could easily seat 600 people has shrunk to only 30-35 members. Over its 130 year history, Epworth has stood as an Edgewater landmark for its faithful congregation. Chicago-Midwest OHS has visited the church several times to hear the 1930 Opus 5881 built by the M. P. Möller Organ Company of Hagerstown, Maryland. This organ was designed by the noted organ architect William H. Barnes, whose family had been prominent members of the church. He served as the church's organist for a time, supervising its construction and played the dedication recital on February 22, 1931. The Chicago-Midwest Chapter members will remember hearing the organ performed at the 2002 National OHS Convention by John W. W. Sherer. There is no definitive information about the fate of the church structure or the organ at time of publication.

BIOGRAPHICAL INFORMATION FOR CANDIDATES FOR 2021-2023 BOARD

FOR PRESIDENT

Joseph Poland has been Service Manager for Berghaus Pipe Organ Builders since 2009. He began his career in the organ building industry in 1982 at the age of 19. He has installed countless M. P. Möller pipe organs while serving as Vice-President of Fabry Organs, Inc. He also worked for Geneva International Piano Company. He is a member of the American Institute of Organbuilders.

FOR TREASURER

Br. Benjamin Basile, C.P.P.S., has been a member of the Chicago-Midwest Chapter of the OHS since the 1980s and has been a chapter board member for a lot of those years. He has served several terms treasurer of the chapter. He is a member of the Precious Blood Missionaries (C.P.P.S.), the religious order that sponsors Calumet College of Saint Joseph in Hammond, Indiana, where he named emeritus professor of mathematics. He has held several liturgical music positions in Northwest Indiana Catholic churches, most notably as parish musician and music director for the Cathedral of the Holy Angels in Gary, where he and chapter member Stephen Schnurr co-produced an organ recital series for some 20 years, and he continues as curator of the Cathedral's Casavant pipe organ. For over a decade, he participated in the summer recital series on the 1891 Frank Roosevelt pipe organ at Christ Church (formerly First Congregational Church) in Michigan City, Indiana. Several years ago, he saw the completion of an almost twenty-year project, with the installation of a 7-rank Kimball instrument from 1898, with its original tubular-pneumatic action, in the Bernard Art Gallery at Calumet College of St. Joseph. (A video of the installation is available at <https://youtu.be/6BRVA5i1wbs>).

FOR MEMBER AT LARGE

Christine Marshall Kraemer holds three degrees from Northwestern University's School of Music, MM and DM in Church Music and Organ and Bachelor of Music Education. Her organ teachers at Northwestern were Richard Enright and Wolfgang Rübsam. As a graduate student, she worked with Grigg Fountain, organist and choir director at Alice Millar Chapel. Christine is a longtime member of the OHS and the AGO. She has served as organist or organist and choir director at a number area churches, among them the First Presbyterian Church of Evanston, Gloria Dei Lutheran in Northbrook, Kenilworth Union Church, Lincoln Park Presbyterian, and St. Luke's Episcopal in Evanston. Dr. Kraemer taught Survey of German Organ Literature at Northwestern from 1990-2003. She was a featured organ soloist for Bach Week in Evanston at St. Luke's for over 15 years and has played recitals at Fourth Presbyterian Church, the Music Institute of Chicago, Glenview Community Church, and Loyola University's Madonna Della Strada Chapel. Christine lives in Wilmette with her husband Mark.

FOR MEMBER AT LARGE

Ryan Mueller is the recently appointed Tonal Director for Berghaus Pipe Organ Builders. Ryan is a native of Milwaukee, Wisconsin and has previously worked for Grandall & Engen LLC and Dobson Pipe Organ Builders. Equally at home at the console or in the organ chamber, he is also a nationally acclaimed recitalist, scholar, and advocate. He serves in various offices at the local and national levels for the American Institute of Organbuilders, Organ Historical Society, American Guild of Organists, and is also a proud member of the National Trust for Historic Preservation, Association of Lutheran Church Musicians, and the Association for Preservation Technology.
